AIR-CAM

Mid-Rivers Air Cam Clinching Machine uses our patented press design. We offer the most simple and economical method to clinch two pieces of the same, dissimilar, or painted metal with 28 to 14 gauge mild steel capacity. Patent No. 5937694

Here are the advantages of using the AIR-CAM CLINCHING MACHINE:

- No Spot Welding and No Rivets
- Less Expensive
- Low Maintenance
- Laser Light Included
- Air Operated (plug into shop air, 80-100 P.S.I.)

Each Model Includes:

- Three (3) Year Warranty
- Patented Safety Feature (Patent #7114436)
- Simple Patented Design for Easy Gauge Adjustments.
- Standard BTM Tooling

Sizes Available

Model AC-3-8

8" Throat

Steel Frame 175 lbs.

Optional Stand

Model AC-3-14

14" Throat

Steel Frame 630 lbs.

Stand Included

Model AC3-26

26" Throat

Steel Frame 1,350 lbs.

Stand Included

Model AC-3-30

30" Throat

Steel Frame 1,500 lbs.

Stand Included

Tooling Options

Die C & Punch C 28-20 gauge capacity

Die D & Punch D 22-18 gauge capacity

Die E & Punch E 18-14 gauge capacity
